Chelsea District Library Library Card & Internet Access

Application for MINORS

About Your Library Card

Applying For A Library Card

For minors to receive a full access library card, their parent/legal guardian must have a nondelinquent card at time of registration and proof of residency is required. Cards are renewed yearly and all fines and fees must be paid at time of renewal.

By receipt of a Chelsea District Library card you agree to comply with all its rules, pay all fines, and to make good any loss or damage to materials checked out with this card. There will be a fee to replace lost or damaged cards.

You may "load" your library card with money to pay for printing and copying services at the AAM machine located on the 2nd floor. Library fines are separate and must be paid at the Check Out Desk or online through PayPal. Library cards must be presented for check out services (cards loaded to mobile device apps will be accepted.)

Your PIN

When you sign up for a card, you are assigned a PIN to use when accessing the catalog or using our Internet computers. It is usually the last four digits of your phone number but you can request a different number or change the number once you have an account.

Chelsea District Library Internet Use and Filtering

The Internet can be accessed in the library via our public computers, or through personal devices using our wireless network or data ports. All patrons are required to read, understand and agree to our Internet Access and Public Computing Use policy online before Internet access is granted.

Chelsea District Library's *public computers* use a filtering system, which provides filtered Internet for anyone under 18. Minors must be registered by a parent/legal guardian to access the Internet on library computers. Minors may not have unfiltered access to the Internet on the **library's public computers** unless accompanied by an adult.

Filtering products are imperfect in many ways. Users should understand that filters are no guarantee that objectionable material will not be seen or viewed. Filters attempting to block limited amounts of material of specific content may block benign sites that users seek to access.

Please note: Minors accessing the Internet through *their own devices* will have **unsecured, unencrypted and unfiltered access**.

Internet Filters

Below is a list of website categories that will be used to filter minors' use of the Internet while using library computers. A complete description of each category can be found at chelseadistrictlibrary.org/equipment-and-policies.> Internet Filtering.

Please note that legitimate educational sites like National Geographic, Web MD, The Smithsonian, etc will not be filtered.

Dating
Drugs
Gambling
Hate/Discrimination
Nudity
P2P/File Sharing

Parked Domains
Pornography
Proxy/Anonymizer
Sexuality
Tasteless

As the parent/legal guardian of the above minor child, I have read and understand the Chelsea District Library's rules on Acceptable Use of the Internet and library card and agree to comply with all rules and regulations. I understand that noncompliance by my minor child will result in the revocation of Internet privileges. I will promptly report theft of this card to library staff. **My child will not share their library card with other people and will protect their password and keep it confidential.** I have read and understand that filtering technology is used as a tool only and that no method of filtering is guaranteed. My choice to allow my minor child to use the Internet is an agreement to hold the library harmless for any information that my minor child may seek or find on the Internet. This application is the property of Chelsea District Library.
