Public Participation

Meetings held by the Chelsea District Library are for the purpose of conducting library business. A Chelsea District Library meeting is not a "public meeting." It is a "meeting held in public." The difference between these two types of meetings is that a public meeting is usually designed for the free flow of information among all in attendance, whereas a meeting held in public is for observation and "Public Input" at specific times on the agenda.

Public Participation at Open Meetings

Meetings held by the Chelsea District Library are for the purpose of conducting library business. Public input is allowed during set times of these meetings and for specific amounts of time.

There are two ways to participate in a Board meeting:

- You may call the Board President or Library Director at least five days in advance of the Board meeting and ask to be placed on the agenda. The Board President or the Library Director shall use their discretion in accepting these requests. The Board decides what agenda items are to be discussed when they formally adopt the agenda at the start of their meeting. Once approved, you will be allowed to make your presentation to the Board.
- You may address the Board during agenda items listed as "Comments from the Public."

Individuals who are addressing the Board at a Board Meeting must state their name and the name of the organization or group they are representing, if that is the case.

Board members may question speakers, but the Board will not enter into debate or conversation during this portion of the meeting. In general, issues are referred to the Director for investigation, study and recommendation, designation as a future agenda item, or answered through written communication.

DIRECTOR'S REPORT

Library Director's Report Respectfully submitted for August 2020 Board Meeting

Staff Announcements

Congratulations on Work Anniversaries!

- Library Assistant Leslie Abcouwer, nine years on July 13
- Youth Librarian Edith Donnell, 14 years on July 10

CDL Responds to COVID-19

CDL continues to operate at Stage 3 (curbside delivery and virtual and remote offerings) of its Reopening Plan. We continue to limit the number of staff in the building daily. Curbside pickup continues at a brisk pace with 6,021 items checkout during July which averages to 250 items circulating per day. Librarians are handling between 15 and 20 reference interactions a day. Patrons downloaded 4,282 e-resources during the month.

SportPort giveaways are going strong. We end up giving out close to one hundred kits a week! 5 Healthy Towns asked if we would consider extending with more sports equipment giveaways for three more weeks beyond the initial five, and we responded with a very enthusiastic yes. The community appears to love this program.

COVID-19 forced our librarians to quickly adapt and implement a new model for summer reading. I am so impressed with the creativity and energy that has gone into this. A special shout out to them for making lemonade from lemons!

Based on the latest EOs and expert opinions on the possible negative impact of COVID on communities in the fall, the management team has determined that all programming throughout November will be implemented remotely. Exceptions to this are the *Young at Art* exhibit, the library's role in the Sculpture Walk, and the Chelsea Community Read Against Racism Read-in on the Library Lawn.

Financial Matters

We received notification of our penal fine income for 2020. We have been informed that we will receive \$15,282.06 for the year. We had projected \$17,000 in the budget — a 10% difference. Based on reporting from other libraries, their penal fine income dipped more substantially than CDL's. The expectation is that penal fine income will continue to decrease. You will note in today's 2021 budget document that we have tried to accommodate that by dropping projected income in this line to \$10,000.

CDL Annual In-Service Day

In-Service Day is right around the corner on Friday, August 21. We had to adjust our plans to accommodate the Governor's Executive Order 2020-16 limiting indoor organized events to 10 people. To comply with this, all staff will participate remotely. Torrance Learning is leading the program that reinforces our 2020-2022 Strategic Plan theme of facilitating access for all. During the session, we will explore ways to address barriers we may be unknowingly and unintentionally creating to the delivery of excellent service for all.

Young at Art Exhibit

Young at Art will be on display at CDL Sept. 1-30 in the McKune Room. The public may view it by appointment, and all safety and health protocols will be followed. The rest of the library building will not be open to the public.

Young at Art features nearly 50 original illustrations from Caldecott Medal recipients as well as "runner up" Honor books. Picture book illustrators are true artists, and many have created work outside the realm of children's books. Re-discover favorite books and illustrations of yesteryear, and introduce younger generations to art they may not have encountered before.

Chelsea Community Read Against Racism

CDL, Serendipity Books, and the Chelsea Human Rights Commission are partnering to offer a community-wide read of the National Book Award Winner Stamped from the Beginning by Ibram X. Kendi (a special teen edition, Stamped: Racism, Antiracism, and You: A Remix of the National Book Award-winning Stamped from the Beginning with edits from award-winning author Jason Reynolds is also available). We encourage our community to read the book and participate in related events and activities including a remote book discussion on September 29 and a read-in on the library lawn on September 12.

Chelsea District Library Assistant Director's Report July 2020

Facility update:

July was a quiet month as far as the facility was concerned. We had the regularly scheduled maintenance on the front glass doors which resulted in the top roller tracks being replaced. Cintas was out to replace the battery in our alarm panel. JCI came out to do our planned July HVAC maintenance. And lastly Jaco Electric was here to replace the socket in one of our can lights. The tracks to hold the sneeze guards onto the public desks were backordered so we probably won't finish that project until sometime in August.

HR:

The HR Playbook software is working very well and the small glitches we have had have been handled almost immediately by the support team. At this point, I have been able to try some custom alerts and update Plan pages as more accurate COVID information is made available. I continue to be very happy with how easy it is to use.

Continuing Ed/meeting:

Webinars are slowing down a bit but I still attended several on a variety of topics: emotional intelligence at work, administration of health savings accounts (HSAs), the future of workplace benefits, the roll of the library board, and an MLA coffee hour.

Weekly management Zoom meetings continued, as well as a regular meeting with Lori, where we planned our annual all-staff in-service meeting for August on the topic of diversity. We met with staff from local company Torrence Learning and I am looking forward to having this important training/discussion with our staff.

COVID:

We continue to monitor CDC, WCHD, and state executive orders for guidance on making our way through this pandemic. Staff is holding up pretty well but we are all feeling the strain of long-term uncertainty about the future. We continue to encourage and support them as they continue to bring the best service possible to our community under very stressful conditions. We couldn't have more dedicated, creative and loyal people to go through this with, so I have no doubt we will come out of it with our great team spirit in tact!

Respectfully submitted-Linda Ballard Assistant Director

2020 Summer Reading

This year was our first year taking the Summer Reading Program entirely online. While virtual, the program was still designed to encourage reading (number one goal) but also provide fun ways for patrons to connect with the community, support local businesses, and interact with their library. (For instance, one youth activity involved contacting librarian Jessica Zubik for a book recommendation, and 30 readers participated). Overall, we had over 400 patrons participate in this year's program.

Stats:

| | Adult | Youth | Teen |

Program Planning

- Librarians dedicated substantial time to planning the distribution of SRP prizes. We developed
 online forms and an online book prize list, emailed and called patrons, and strategized the best
 means of giving out the prizes in a socially distanced way.
- We continued planning for the Young At Art Exhibit, meeting to discuss ways to create a safe in-person experience for patrons.
- We brainstormed and purchased necessary technical equipment to create this year's virtual Sculpture Walk, in partnership with Crystal Scott and CAFE.
- We worked with Michelle Tuplin (Serendipity Books) and Joanne Ladio (Chelsea Human Rights Commission rep) to find a facilitator for the Chelsea Community Read Against Racism book discussion taking place in September.
- We solidified plans for the Virtual Kids Read Comics this October.
- We met with the marketing department to create standards for hosting and marketing our virtual programs.

- Our home delivery service, CDL Delivers, resumed earlier than anticipated. Librarian Gabrielle
 Hopkins was in contact with existing delivery patrons, and we worked with Silver Maples, Dancey
 House, Glazier Commons, and Kresge to develop a safe means of delivering books to residents.
- We also resumed deposit collections for two locations, at the request of the activity directors.
- Reference interactions remain strong, and librarians developed a reader's advisory form to assist
 us with helping patrons choose books virtually. It can be found at chelseadistrictlibrary.org under
 Reading Recommendations, CDL Librarian Recommendations.
- We continued to heavily purchase ebooks and audiobooks for our Overdrive Advantage
 collection. Circulation this month was over 3500, so the extra attention appears to be paying off.

Marketing Board Report (July 1-31, 2020):

During July Marketing continued to work on the Fall newsletter, and it continued to grow. Originally slated to be 8 pages, it was ramped up to 12 pages with a very short time to pivot. Although marketing materials were developed to promote Song Fest, and it was featured in the original layout of the newsletter, it was postponed to 2021 and the work creating and planning the promotion of it will be held and used next year. Adjusting the layout once again in the newsletter a different, new program was promoted and other items redesigned to get the newsletter to the printer in time to print and meet the original deadline. To address the slow-down of the mail and deliver the newsletter in a timely fashion, the printer worked with the Head of Marketing to devise a plan that has prepared the necessary paperwork to deliver the newsletters to the appropriate post offices in person in August, rather than processing 1,000s of newsletters through the main post office in Detroit.

As the library implements fine free status, a new marketing campaign is being developed to remind patrons to return their items, with a little help from Paige Turner.

Marketing developed and created marketing materials in preparation for the CDL Fall program Young at Art, which will connect the community with award-winning children's book illustrations on display in McKune, to be enjoyed by appointment while following state recommendations. Chelsea and the surrounding communities have supported and appreciated the arts and this unique collection will be promoted through a wide range of marketing channels, such as banners in Chelsea, advertisements in print and online, and our digital marketing tools. Reaching out in print in addition to digital marketing will deliver the message to a much wider range of people offering an event that is in person, and offered virtually as well.

Beginning in July, CDL worked with 5 Healthy Towns to distribute sports equipment on Wednesdays to the public, and Marketing not only helped to get the word out but also photographed the events to share this wonderful giveaway with the community on social media.

Wrapping up the Summer Reading Program, the Marketing department advertised reminders to the public encouraging them to submit their totals and claim their prizes in both print and digital channels.

Looking to the future, a new logo was designed to promote a new program encouraging parents to read to their children from newborns to preschool, which will be introduced in the Fall newsletter.

Marketing Assistant Monthly Board Report (July 1–31, 2020):

While we work through the CDL Reopening Stages, digital marketing channels continue to be a good way of communicating with our community. Some updates for July include:

Website:

 Adjusted Curbside Delivery graphics and messages in response to patron confusion about hold processing time.

Social Media:

- Coordinated with Five Healthy Towns to promote SportPort Wednesdays, and created Facebook event
- Created Facebook events for August programs

E-newsletters

The weekly eNews continues to be a good communication channel for the library. We have 2864 subscribers and have been averaging 30-37% open rate. This is rated as a top tier open rate by Constant Contact and is significantly above industry averages, which for all industries is about 16% and for non-profits is about 20% (according to the May 2020 Constant Contact Statistics).

Miscellaneous

Finalized Welcome email for new cardholders and worked with Circulation Dept. to implement it.

Worked with Head of Marketing to develop a social media campaign encouraging patrons to return materials.

Coordinated with Information Services to develop processes to better communicate virtual and video programs.

Designed and printed directional signs for SportPort Wednesdays.

Humbly submitted, Elaine Medrow, Head of Marketing Virginia Krueger, Marketing Assistant

- Registrations for JULY- 25 new cards; 6886 total card holders
 - *Dexter = 887 cards; Lima = 800 cards; Lyndon = 980 cards
 - *Sylvan = 1181 cards; Chelsea = 2485 cards; Nonresident = 553 cards

July has gone by quickly for circulation.

- Holds coming in are increasing which means the phone calls are also.
- Fun Fact on Curbside: We are putting out anywhere from 70 to 100 bundles for pickup each day
 and 10 more patrons per day picked up holds on short notice and we continue to add to patron
 bundles who had items come in from the run. Circ continues to be very busy, especially between
 10:00 am to 1:00, with 3 staff members answering phone calls for hold pickups.
- Fines: Patrons are wondering why they have fines on their items. If an item has not been returned a fine will show up on the patrons account. When the item is returned to Chelsea the fine will disappear. If they return items to another library who is not doing fine free, they will have to ask us to remove the fine. It will take some time to educate patrons on how this works. We have also had several calls wondering why their items have gone to "Lost" as isn't Chelsea fine free now? We have to explain that fine free doesn't mean you keep items forever. Again, it's educating the patrons on how this works.
- Attended weekly management meetings via Zoom
- Attended two SASUG meetings via RingCentral. On July 9th we voted to start the coming due & overdue notices. I am hopeful that the Lost notices will start up after the August 27th meeting.
- Patrons continued to call & send emails asking for renewal of their cards.
- We had 25 new cards in July all by our online registration.

July Update:

- As of 8/13 there are 45 libraries sending out items for holds. The last 5 libraries are closed for all service.
- Respectfully submitted, Terri Lancaster Head of Circulation

Discussion Item #1

Chelsea District Library
Board of Trustees

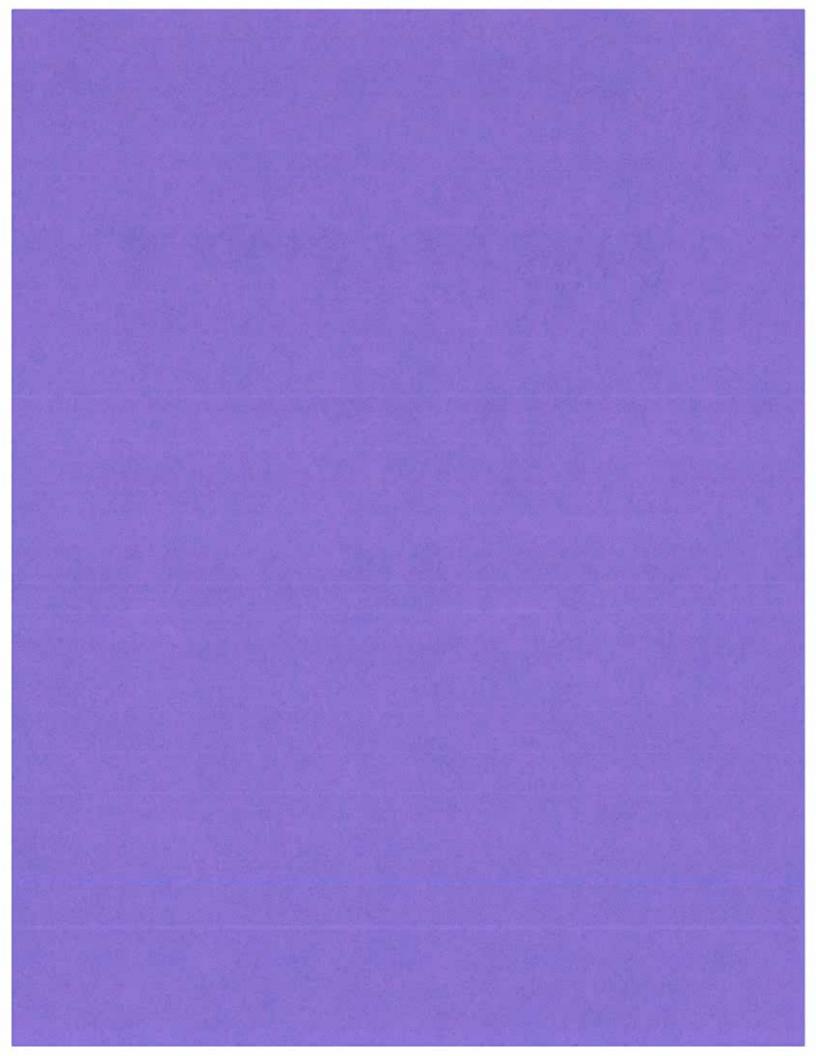

Library Board Fact Sheet August 18, 2020 Meeting

Auditor Contract Extension

Background:

The library would like the board's permission to extend the library's contract with Maner Costerisan. Under usual circumstances the library would have sought a 3-year contract with an auditor for the audited years 2020-2022, but with dealing with pandemic response, this was not feasible. The library would like this item moved to Action as soon as possible in order to start planning for the next audit.
